CSC 1010 COMPUTERS AND APPLICATIONS

SPRING 2016 ASSIGNMENT # 4
INSTRUCTOR: L. R. HENRY
HTML ASSIGNMENT FOR

SEE CLASS CALENDAR FOR DUE DATE

NO EXCEPTIONS FOR LATE SUBMISSION

Complete the following sections in the HTML BOOK: (7th edition book only)

The pages are as follows: page 146 = page 1 (add a horizontal rule at the top of the page that separates the page title from the body)
147 = page 2, pages 3 = 149 and (Table page 186 FIGURE 4-22 = page 4).

As it pertains to page 4 the links can direct me to some of your favorite websites.

Please Note: ***the links specified in the book that you create on the various pages should take me to one of your favorite website and not one the pages you have created.

You are going to Replicate ALL pages Yes
“COPY THE TEXT AS IS SHOWN ON ALL PAGES”

ALL PAGES LAYOUT “MUST LOOK IDENTICAL” TO WHAT IS SHOWN IN THE BOOK

In regards to the picture, you can use a similar picture as to what is viewed in the book and a pleasant background image.
You MUST create a link at the bottom of all the pages that will take me from one page to another.

You can name your page 1,2,3,4 .html etc. as demonstrated in class

If I cannot navigate from one page to the next I will deduct 5 pts from each page without a link.

(4 PAGES TOTAL FOR THIS ASSIGNMENT)

submit the work to the codd server using filezilla

Should you have any further question please email me.
